DETAILED ACTION

1. This communication is responsive to the amendments filed on January 11, 2005. Applicant's amendments and remarks have been carefully considered.
2. Claims 1 and 4 are rejected under 35 U.S.C. 102(b) as being anticipated by Brown (US 1,263,520).

Brown discloses a wiring connecting device, as recited in the instant claims, including link bar 1 that is inherently capable of functioning as a permanent coupler as claimed, structure 10 supported by link bar 1 and readable as a wiring box provided with front and rear receptacles and crossing connecting cables 14, and support member 12 for supporting cables 14.

Regarding the instant claimed link bar being unitary link bar as a permanent coupler, note that when portions of link bar 1 of Brown are assembled as shown in Figures 1 and 2 of Brown, the link bar is readable as a unitary link bar because the portions are connected together as a unit; and that the link bar of Brown is readable as a permanent coupler because the connecting portions of the link bar of Brown are capable of being permanently maintained in the state of connection as shown in Figures 1 and 2 of Brown.

Regarding the instant claimed wiring connecting box being a unitary structure, note that structure 10 of Brown is readable as a unitary wiring connecting box, as broadly recited in the instant claim.

3. Claims 2-3 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
